

Donation of Reusable Mask

Due to COVID-19, face masks have become a necessity. Thanks to a generous donation by Ms. Monica Cheung, Chairperson of the PTA of Rosaryhill Secondary School, all students are to receive a reusable mask. The masks harness the power of 99.9% pure silver woven directly into the fabric to dramatically reduce the viability of viruses and microbes in the air.

To show our gratitude, our students have written a thank you card to Ms Cheung. We aim to teach students to be grateful and be willing to help those who are in need.
