

**S5 Visual Arts - Community Service (wall-painting) at Ruttonjee Hospital**

Our school received an invitation to wall-paint in wards at Ruttonjee Hospital Geriatric Division. Our students subsequently attended this activity to complete the community service after school on 3<sup>rd</sup> and 11<sup>th</sup> October .

The theme of the wall paintings is 'Healthy Life of the Elderly". We want to promote a positive attitude towards life and raise the awareness of students about the life of the elderly.
